A little bit about US

Serving Whatcom County since 1992, some ask.. What makes our Fish & Chips or Burgers so
Awesome? Well lets start with the raw ingredients, our fish is hand cut up to 2-3 times a day.

It is dipped to order in our special Tempura batter. We cook to order, our food is not held in
warmers. Let's talk Burgers; we use fresh never frozen local grass fed ground chuck steak & its
mixed with 15% fat from the chuck cap. It is real, it has flavor, our patties are made daily here
at our facility. The next big thing is our Hamburger Buns, they are our classic old recipe made
for us. Our Hamburger relish is special, it is sweet and red in color. It is not your typical relish
& its made here also! Ask for a sample. We make our own Tarter, Ranch, 1000 Island (Mille
Miglia) dressing, Caesar dressing, Italian dressing, BBQ, Buffalo and 4 Alarm sauce,
ALONG WITH WHATEVER ELSE WE DECIDE TO COME UP WITH. We are food crafters.....

Enjoy your meal, the view & the atmosphere! Thanks for stopping by. If your food was great as
it should be, tell your friends. If there was something wrong, please tell us. We want you to
have a great experience... because we care. Nick & Gillian
